

CLOSE AIR SUPPORT

Table Of Contents

	Page
Chapter 1. Fundamentals	
Introduction	1-1
Fratricide	1-3
Battlefield Utility	1-4
Close Air Support Integration	1-5
Close Air Support Employment	1-5
Threat Levels	1-7
Conditions for Effective Close Air Support	1-8
 Chapter 2. Command, Control, and Communications	
Amphibious Tactical Air Control System	2-1
Navy Tactical Air Control System	2-3
Marine Air Command and Control System	2-4
Communications	2-10
Close Air Support Command and Control for Joint Force Operations	2-15

Chapter 3. Planning

Section I. Basic Considerations

Close Air Support Employment Planning	3-1
Close Air Support Mission Planning	3-6
Close Air Support Navigation Planning	3-11
Close Air Support Logistic Planning	3-13

Section II. Control and Coordination Measures

Airspace Control Measures	3-16
Fire Support Coordination Measures	3-26
Integrating Close Air Support with Other Fires	3-30
Coordinated Operations	3-42

Section III. Requesting and Tasking

MAGTF Commander's Guidance	3-43
Close Air Support Requests	3-43
Close Air Support Requests Afloat	3-48
Joint Close Air Support Request Procedures	3-49
Request Format	3-51
Mission Data	3-51

Section IV. Night/Adverse Weather Close Air Support Planning

Basic Considerations	3-52
Aircraft Munitions and Equipment Selection	3-53
Visual Employment	3-55
System-Aided Employment	3-56

Night Vision Device Employment	3-57
Target Identifiers	3-60

Chapter 4. Execution

Section I. Basic Considerations

Synchronized Timing	4-1
Security	4-2
Check-In	4-2
Close Air Support Briefing Form	4-2
Risk-Estimate Distance	4-7
Target Marking	4-8
Final Attack Control	4-13
Abort Procedures	4-18
Battle Damage Assessment	4-19

Section II. Night/Limited-Visibility

Close Air Support

Visual Employment	4-22
System-Aided Employment	4-22
Night Vision Goggle Employment	4-23

Section III. Close Air Support Execution with Laser-Guided Systems

Basic Requirements	4-25
Laser-Guided Weapons	4-26
Laser Target Designators	4-27

Laser Spot Trackers	4-28
Laser Procedures	4-28

Section IV. Fixed-Wing Execution

Launch and Departure Procedures	4-34
En Route Tactics (Before the Contact Point)	4-34
Ingress Tactics (Contact Point to Initial Point)	4-38
Attack Phase (Initial Point to Target)	4-41
Fixed-Wing Laser-Guided System Employment	4-48
Egress	4-51

Section V. Rotary-Wing Execution

Launch and Departure Procedures (Takeoff to Rendezvous Point)	4-53
En Route Tactics (Rendezvous Point to Holding Area)	4-53
Ingress Tactics (Holding Area to Battle Position)	4-55
Attack Phase (Within the Battle Point)	4-58
Disengagement and Egress	4-61
Rotary-Wing Laser-Guided Systems Employment	4-62

Section VI. Return-to-Force

Procedures	4-67
Debriefing	4-68
